You know those days when you know you look amazing but the camera keeps thinking differently? When you look far worse in photos than in the mirror? Those days actually have a name: they're called "everyday"—because the camera lens makes you look different than the lens of human eyes. You usually look rounder, less defined with worse skin through the camera lens. And what's worse is people—even the "nice" ones—judge you in your photos all the time. Our transparent photography foundation is designed specifically to make your skin look better for the camera lens while blurring away imperfections in real life. Contains a fractionated blurring silica suspension for light confusion, prismatic camera hue yellow-red correctors, prismatic gold technology and a hydrating oil-free bio-sugar surface mesh.

BEN & THE NANNY'S

VEGAS ESCAPE!

A TRIP WITH THE NANNY SIGNALS THE END OF **BEN AFFLECK'S** MARRIAGE

They don't call it Sin City for nothing. In late June, **Ben Affleck** ditched his family during their Bahamas vacation for a poker tournament in Las Vegas and brought along some company: his children's 28-year-old nanny, **Christine Ouzounian**. **Jennifer Garner**, Ben's wife of 10 years, reportedly realized that her husband was having an affair with the help. "Jen was devastated," says a source close to the family. "She'd had her suspicions, and that confirmed them." The fallout was swift and final: Christine was fired and the unhappy couple, parents to **Violet**, 9, **Seraphina**, 6, and **Samuel**, 3, announced their split on June 30.

Though Ben's reps deny any affair, the insider says that he and Christine, who'd worked for the family since the

spring, "became even closer during their Vegas trip. Christine realized that she's in love with Ben."

LONELY HEARTS

As it turns out, Jen, 43, wasn't the relationship's only casualty: A source tells *OK!* that Christine was engaged to a Bahamian fisherman, **Christoph Albury**. "Christoph had been afraid he would lose her when she started nannying

for celebrities," the insider says, adding that Ben, 42, had Christine's belongings collected from Christoph's place and flown to California.

Ben and Christine rendezvoused at his new home in L.A. on July 17, but lately they've been thousands of miles apart, with Christine staying at the Hotel Bel-Air (Ben's reportedly footing the bill) and Ben holing up at his estate outside Savannah, while Jen, who's filming, is in Atlanta with the kids. "Ben needs to decide how much Christine means to him," says the source. "She's in love, and Ben is thinking about what's the right thing to do."

SOMETHING TO TALK ABOUT
Post-Vegas, Ben and Jen had an emotional (and oddly public) conversation before he left the Bahamas on July 3.

STIMULATE YOUR SENSES

A full-page photograph of Tom Cruise and his daughter Suri. Tom is on the right, wearing a dark blue suit and tie, looking off to the side with a slight smile. Suri is on the left, wearing a pink patterned dress and a purple sash, looking towards the camera with a serious expression. The background is a blurred crowd of people.

THE LATEST CELEB NEWS

INSIDER

When Tom saw Suri, a source says, "It suddenly hit him that he didn't spend enough time with his little girl."

TOM & SURI TOGETHER AT LAST!

Tom Cruise's reunion with his 9-year-old daughter, **Suri**, last month was as joyful as it was rare. According to a source, the pair spent a precious three hours together in New York City on July 27 while Tom was in town for the premiere of his movie, *Mission: Impossible — Rogue Nation*; it was the first time Tom had seen Suri in more than three months — and only the second time in about a year.

At Tom's request, the source says, the

meeting took place at an apartment near Central Park belonging to someone in his management team rather than at his ex-wife **Katie Holmes'** Chelsea pad, where he feared he would be snapped by paparazzi. With Katie looking on, he gave Suri a big teddy bear as the two embraced and then played hide-and-seek and read stories. "Suri was so excited," the source says. "It was emotional for both of them."

While Tom calls Suri often from his far-flung movie sets, he can tell she

feels his physical absence, a problem he's now trying to correct. "He was overcome seeing Suri again," the source says. "He knows he could miss seeing her grow up if he's not careful." In fact, the source adds, at Katie's urging, Tom may purchase an apartment in NYC, where he hasn't owned a place since 2013, to make it easier for them to spend time together, and he's even considering leaving Scientology: "He's beginning to realize it may be the key to improving their relationship."

CAITLYN: OITNB'S NEW JAILBIRD

Save a seat in the Litchfield cafeteria for a new inmate. The producers of *Orange Is the New Black* are angling to bring Caitlyn Jenner on board for a season 4 cameo, according to a source on set. The idea came about after the 65-year-old ex-Olympian befriended transgender *OITNB* star Laverne Cox at the premiere of *I Am Cait* on July 20. "Laverne thought Caitlyn's personal narrative would dovetail nicely with the story line of her character, Sophia, whose prison pals turned on her last season," explains the source. "It's the perfect time for Caitlyn to come in and help Sophia take a stand against the bullies. Plus, with Cait's popularity, she'd surely draw more viewers." Sounds like it's time for fresh fish!

Laverne and Cait "hit it off right away," says a source.

CHELSEA'S MIDLIFE CRISIS

When **Chelsea Handler** ditched her E! talk show for a new venture last year, she thought she'd have the last laugh. But with her upcoming Netflix show getting virtually no buzz, she's not smiling anymore. "Chelsea's in the dumps right now," an insider says. "She's self-medicating with booze." On top of her career woes, the insider says Chelsea was upset to learn that her ex **Andre Balazs** went back to **Uma Thurman** after their split. "Chelsea's depressed that she's

40 and alone," the insider adds. "She thought she'd be married by now." Of course, if anyone can find the humor in this situation, surely it's Chelsea!

"Chelsea's worried that her new show will bomb," says an insider.

NICHOLAS UNFRIENDS CHARLIZE!

The mood on the set of Charlize Theron and Nicholas Hoult's new film, *Dark Places*, was rather reminiscent of the title. An insider spills that though the 39-year-old Oscar winner urged Nicholas, 25, to sign on to the film, secretly he "hasn't liked Charlize since they filmed *Mad Max* in 2012." A typically modest Brit, Nick has apparently been rubbed the wrong way by Charlize's A-list attitude, the insider says: "She walked around like she owned the place and would glare at anyone who made a suggestion for a scene. She'd snap at the crew and retreat to her trailer after a take. He found it mortifying."

DEMI DITCHING HAUNTED HOUSE

It took a turn of events more tragic than divorce to get **Demi Moore** to sell the Beverly Hills pad she once shared with ex-husband **Ashton Kutcher**. After a 21-year-old man drowned in the pool last month during a party hosted by her assistant (Demi, 52, was traveling to see daughters **Tallulah** and **Scout Willis** in NYC at the time), a source says the heartbroken star is finally ready to part with the five-bedroom, six-bath home she purchased for \$3.15 million in 2003, shortly after she began dating Ashton. While several friends suggested Demi list the place after she and Ashton finalized their split in 2013, believing it would help her make a fresh start, the source says “she knew her girls loved the place. It was a big part of their childhood — and they especially loved throwing pool parties.” But now that her daughters are grown up — and bad karma has moved in — looks like the party’s over.

A pal says Demi should have “no problem” fetching \$7 million for the 1950s-era home, thanks to updates she and Ashton made.

Sandy credits her psychic for her success — even her Oscar!

SANDY'S PSYCHIC FRIEND NETWORK

Will **Sandra Bullock** ever find love again? Only her psychic can say for sure. A source says the real reason Sandra, 51, hasn't dated anyone since splitting from her cheating husband, **Jesse James**, in 2010, is that her psychic told her she'd be making a huge mistake to let any man come between her and her son, **Louis**. Sound like hogwash? The clairvoyant was right before, the source notes: “Back in 2002, she said Jesse was bad news, but Sandy chose to ignore her warning.” Never again — these days, Sandy has the psychic on call 24/7. Let's hope she gives America's Sweetheart the green light on romance soon!

OZZY & SHARON GOING BROKE!

Cash isn't flowing in like it used to for the Osbournes, but that hasn't stopped **Sharon** from spending like crazy. “She loves to splurge on jewelry in Beverly Hills,” says an insider, “and even bought a dog at a charity auction for \$17,000!”

The couple have tried to beef up their bank accounts by unloading four properties over the past three years — including two West Hollywood homes that were

mid-renovation — but with Sharon taking a break from *The Talk* and **Ozzy** canceling performances due to surgery, the insider says it's only a matter of time until they're in the red.

“Sharon has no concept of saving or investing,” says an insider.

COUPLES NEWS

When asked by an interviewer in 2014 how he and **Gwen Stefani** found time for each other in the midst of their busy careers, **Gavin Rossdale** replied, “We don’t; it’s perfect. That’s why we’ve been together so long.” Apparently, his theory didn’t hold water, as Gwen filed for divorce on Aug. 3 after 13 years together and three children (**Kingston**, 9, **Zuma**, 6, and **Apollo**, 17 months). While the split may seem abrupt, friends say the relationship was long marred by distrust and infidelity. “Gavin has always had a wandering eye,” an insider says. “Gwen wants people to think it was just their differing schedules that caused the alienation between them, but the truth is much worse.”

In 2004, when Gwen, 45, found out Gavin, 49, had a love child, it seemed like the biggest hurdle their marriage would have to overcome. But the hits kept coming. In 2010, **Courtney Love** told **Howard Stern** she’d had an eight-month affair with the Bush frontman at the beginning of his relationship with Gwen. (She claimed Gwen knew about it.) A few months later, Gwen was blindsided once again when Gavin admitted in an interview to a previous relationship with male pop singer **Marilyn**. In 2012, another infidelity came to light — an alleged fling with a crew member on his 2009 tour. “It seemed like Gavin was out to cause Gwen as much embarrassment as possible,” the source says.

Humiliated, Gwen demanded they try couples counseling, but by 2014, as **OK!** reported, they were sleeping in separate bedrooms. “Gwen had hoped marriage and kids would calm Gavin down,” the source says. “Unfortunately, it obviously didn’t.”

A source says Gavin had his own grievances in the relationship, often urging Gwen to be more hands-on with the kids.

Gwen & Gavin

WHY IT ENDED

A source says Gwen tired of turning a blind eye to Gavin's infidelities.

Keith & Nicole HOOKED ON BOTOX

The couple that plump together... stay together? A source says that Keith Urban, 47, who'd reportedly argued with his wife, Nicole Kidman, 48, about her having too much cosmetic work done in the past, is now hopping on the bandwagon! His rep denies it, but the source maintains, "Keith finally started feeling his years, so he decided to try it for himself. He's getting Radiesse fillers, because he's determined to keep that baby face his female fans love." And now that her hubby's seen the light, the source says, Nicole has ramped up her injections, to the point where she "can hardly move her face." Friends and family are convinced the couple are going overboard. "People are worried, but it's too awkward to bring up," the source says.

2008

NOW

"Keith's taken his pampering too far," a source says.

The source says Adam told Blake to go out and celebrate!

Simon & Lauren's NEW YORK WEDDING

Simon Cowell is planning to tie the knot with his girlfriend, **Lauren Silverman**, where they first fell in love: the Hamptons. The couple were thrilled to welcome son **Eric** in February 2014, but while most think becoming a dad is what softened the notoriously hard-edged Simon, 55, he says Lauren, 38, deserves all the credit. "Simon raves about her," a friend of the couple reports. "He says he finally met the right woman." Now he wants to prove it with a fairy-tale wedding. "It'll be lavish but intimate," the pal says. Afterward, the couple may even put down roots in New York City, as Simon has taken on more work in the Big Apple — and is rumored to be a possible replacement for **Howard Stern** on *America's Got Talent*. "These are big changes for him," the friend says, "but he adores Lauren."

The longtime bachelor "has no problem with marriage now," a source says.

Blake's BLIND DATES

Blake Shelton's close pal **Adam Levine** has some advice for how to get over the end of his marriage to **Miranda Lambert**: start dating, ASAP. Blake, 39, and Adam, 36, have become best buds since they began serving as coaches on *The Voice* in 2011, and now Adam's offering up his little black book. "Adam says he still has numbers for all the models he used to hang out with before he married **Behati Prinsloo**," a source says, adding that the Maroon 5 frontman also asked his wife to reach out to some single girlfriends on behalf of his heartbroken pal. "Adam keeps telling Blake that when you fall off your horse, the only thing you can do is get back on," the source says. "But Blake's not interested."

"They looked very much in love, and Justin was even entertaining Jessica with his beatboxing skills during dinner," a witness says.

Justin & Jessica's \$5,000 DATE NIGHT!

According to *Forbes*, **Justin Timberlake** earned \$57 million last year, so it's no wonder he has no problem dropping five Gs on a single meal. Justin treated wife **Jessica Biel** to a blowout dinner at Wolfgang Puck at the Hotel Bel-Air on Aug. 1, a rare date night for the couple since the birth of son **Silas** four months ago. A witness says Justin, 34, and Jessica, 33, "couldn't keep their hands off each other" while they enjoyed Golden Imperial caviar (\$275), a bottle of Chateau Margaux (\$3,500), filet mignon (\$56), sea bass (\$42) and more. "Justin did the ordering, and they had food everywhere," the onlooker says. "Amid all those fancy dishes, they even had fries on the table." Though the pair reportedly went through a rough patch before Silas' birth, an insider confirms what fellow diners saw: They're "more bonded than ever and in a really good place." Now they just have to watch their food budget!

A defiant Chet has said that his parents "just don't get it."

Tom & Rita CLASHING OVER SON

Tom Hanks and wife **Rita Wilson** have put on a united front during her battle with breast cancer, but new troubles with their son, **Chester**, who went by the stage name Chet Haze, have the power couple suddenly at odds. After a stint in rehab for drugs and alcohol last fall, the 25-year-old rapper publicly fell off the wagon in London in May. Just days later, he ignited controversy over his use of the N word in promoting his latest song. These antics have left Tom and Rita "torn about how to help him," says a family friend: "Rita wants Chet to return to rehab and then move back home. But Tom's mad that Chet has given his mom one more thing to worry about when she should be focusing on her health. He's seen Chet coast on the family name and thinks he should go it alone. He says it's time for tough love."

Nick ON THE REBOUND

Is **Nick Jonas** trying to make someone Jealous? Barely a month after ending his two-year relationship with beauty queen **Olivia Culpo**, the youngest Jonas brother has quietly begun dating R&B singer **Tinashe Kachingwe**. They met in November when Nick and Tinashe, both 22, teamed up to remix his hit single. "Nick was taken, so they kept their distance," says an insider. But the pair were recently spotted at 1Oak NY, where Tinashe was performing. "After she sang, they danced and then left together," says the source. Talk about speed dating!

Nick danced and cheered throughout Tinashe's set at 1Oak NY, says a spy.

Heidi HEARS WEDDING BELLS

Turns out what seemed like a fling is the real thing — so much so that **Heidi Klum**’s ready to walk down the aisle again with her boyfriend, **Vito Schnabel**! “Heidi is obsessed with him,” a friend says. “She’s totally serious about marrying him. She says he’s an old soul and great with the kids, so why not make it official.” The 42-year-old supermodel split from **Seal**, 52, in 2012 after seven years of marriage, and they have three children (she has a fourth with ex **Flavio Briatore**). But she’s been telling friends that Vito, 29, is The One. “No one will be surprised if they’re engaged soon,” the source says. “Heidi has never been good at being alone.”

Jennie BABY ON BOARD?

She’s still in the honeymoon phase after marrying **Dave Abrams** on July 11, but will **Jennie Garth** be taking a babymoon soon? Jennie, 43 — who stepped out on July 30 in a loose-fitting top (right) — has sparked buzz among friends that she’s expecting, a “surprise” pregnancy, a source says, that explains why she “didn’t waste any time walking down the aisle” even though she’d been dating Dave, 34, for only eight months. “Jennie’s super excited,” the source says. “She can’t wait to be a mom again.”

“Jennie lives for her kids,” says a source.

Halle & Olivier BETTER THAN EVER!

After **Halle Berry** was photographed without her wedding ring recently, the rumor mill about the state of her marriage to **Olivier Martinez** went into overdrive. But a source close to the couple tells *OK!* reports of a split couldn’t be further from the truth. “Halle and Olivier laugh at all the speculation they’re going to divorce,” the pal says. “They work hard on their marriage.” Indeed, a witness who saw Halle, 48, and Olivier, 49, at an **Aretha Franklin** performance in Los Angeles on Aug. 2 said they seemed crazy about each other. “They showed off photos of their son, **Maceo**, and said how amazing he is,” the source says. “And Halle talked about how her TV show, *Extant*, is a ton of work but noted that Olivier takes such good care of her.”

Halle was seen ringless on July 19, but a source says no split is imminent; she simply lost the ring a year ago and hasn’t replaced it yet.

MARRIAGE CRISIS!

*DISGRACED
SUPER BOWL WINNER
TOM BRADY AND HIS
SUPERMODEL WIFE,
GISELE BÜNDCHEN,
ARE CONSIDERING A
TRIAL SEPARATION*

Offside!
The pair have
been in trouble for a
while, according to a
source. "Their relationship
has been plagued by the same
problems for a long time,"
the insider says, noting
that Tom finds Gisele to
be "controlling."

One thing that **Gisele Bündchen** has always been very, very good at: taking a pretty picture. And the snap that she posted to her Instagram account on Aug. 3 is no exception. In the

shot, she and her football-star husband, **Tom Brady**, stand knee-deep in a turquoise sea, each with one of their adorable children sitting atop their shoulders; just before the shutter clicked, it seems, they leaned in for a loving kiss. The caption wished Tom a happy birthday, adding, "We're so blessed to have you in our lives."

But in the same way that a photograph in a fashion magazine doesn't show what was really happening on set — artfully concealing, for example, the oversize clips that are often used to "tailor" a dress to a mannequin's thin frame — Gisele's gorgeous family shot doesn't reveal what's really going on in her marriage. Because, according to an insider, there's big trouble in paradise. "Things between Tom and Gisele have been strained for a long time."

ARGUING DAY AND NIGHT

In fact, the insider claims, the 35-year-old supermodel's relentlessly upbeat Instagram presence is simply a modern-day version of a very old-school practice: keeping up appearances. "Gisele is ramping up the social media activity *because* her marriage is breaking down." In fact, just hours after she posted the birthday pic, the insider says, "Tom and Gisele had a massive fight, and she stormed out."

OK! COVER STORY

Apparently, the ultrapretty pair have been “fighting every other day for weeks” and only barely managed to keep it together for 38-year-old Tom’s birthday dinner. “As soon as they got home, things really came to a head,” the insider says. “They started bickering, and it turned into a fight where they each dredged up every issue with the other that they’d been suppressing.”

WHY THEY’RE FIGHTING

At issue? Everything from their sex life (which the insider reports has been lagging for the better part of a year, if not longer) to ongoing disagreements about how to raise their children, **Benjamin Rein**, 5, and **Vivian Lake**, 2.

“Tom has very different views on parenting from Gisele, and he’s had it with the insane organic, GMO-free diet that she insists on everyone in the house following,” the insider explains. “She even makes Tom cook the children’s meals when she’s not home, despite the fact that they have a full-time staff standing by to do that. She doesn’t trust them to feed the kids, so Tom is cooking and cleaning. It’s crazy!” (“One time,” the source adds,

“They’ve tried to put their differences aside for the sake of the kids,” the source says, referring to Vivian and Benjamin, above, as well as Jack, 7, Tom’s son with an ex.

“he gave them candy bars without asking her first, and she acted like he’d fed them poison.”)

SHE’S CONTROLLING

And it appears that Gisele’s high-handedness goes well beyond the way that she treats Tom. For some time, the insider says, she’s demonstrated

almost no respect for the New England Patriots practice schedule, expecting her husband to be at her beck and call even when he’s technically supposed to be with his team. “The other players are tired of her crazy demands,” the insider says, “because they all have to work around them.”

SCANDAL SQUAD!

For much of their six-year marriage, Tom and Gisele seemed like a golden couple: Even the news that Tom had unknowingly impregnated his ex-girlfriend **Bridget Moynahan** shortly before their late-2006 split (news that broke *after* he’d met Gisele on a blind date) didn’t take the shine off them.

But that all changed this year, with Deflategate (the scandal that’s arisen in the wake of a report that said the Patriots had played in the AFC Championship Game using underinflated footballs... at Tom’s request) and Gisele’s bizarre burqa-clad trip to a Paris plastic surgeon.

And instead of standing together, they’ve turned on each other, the insider says: “Gisele always boasted about having the perfect husband. She can’t stand the bad press.” Meanwhile, Tom can’t understand why she felt she needed surgery. “He’s always told her she’s perfect as is,” the source says. “He’s turned off by her having work done.”

WHAT'S AT STAKE

Of course, Gisele's star status isn't exactly the norm in football culture; most professional athletes of Tom's stature have much lower-profile wives, whereas Tom's not even his family's main breadwinner (see sidebar). And the spotlight that follows Gisele hasn't necessarily done her any favors. For proof, just remember her ill-considered comments in the wake of Tom's 2012 Super Bowl loss. When she sniped, "My husband cannot f**king throw the ball and catch the ball at the same time," she was talking to a friend; but because she was caught on camera, almost everybody heard, and the insider says that most of the Patriots have never forgiven her.

A CONTINENT APART

Gisele's inability to play nice with Tom's team isn't the main bone of contention between them, of course, but it does illustrate how ill-suited they are. "At heart," the insider says, "Tom's just a down-to-earth guy who wants a quiet, easygoing life, but Gisele is so high-maintenance."

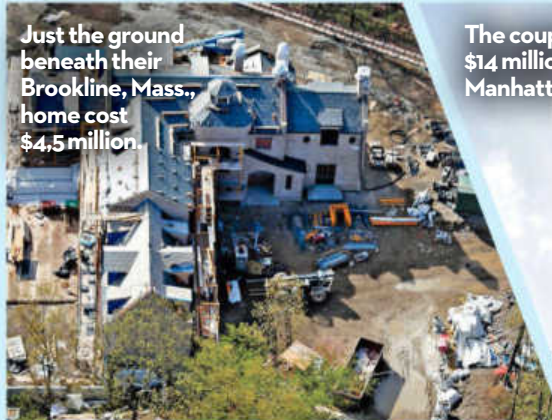

After six years of marriage, the source continues, their problems might finally be coming to a head.

"Things have never been this bad," the source says. Gisele told Tom that if he didn't make more of an effort, she might go back to Brazil for a few months to think about the future."

In the meantime, the insider says, "she's been spending less and less time at home" ever since their postbirthday blowout, and they're communicating mostly via angry texts. But Tom isn't exactly broken up about it. With everything else that's been going on (see left), the insider says, "a split might even be a relief for Tom. He knows the situation is going to have to be resolved somehow."

OK!

THE GOLDEN COUPLE HAVE AMASSED A STAGGERING \$460 MILLION FORTUNE.

Just the ground beneath their Brookline, Mass., home cost \$4.5 million.

The couple paid \$14 million for a Manhattan pad...

Which they're now renting out for \$40,000 a month.

(That's for 3,300 square feet — and one amazing view!)

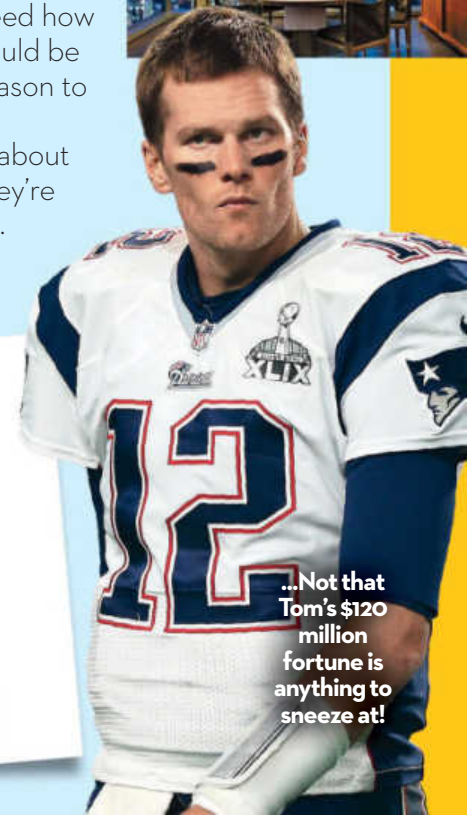

Of course, if Tom and Gisele do decide to call it quits, there's an enormous fortune at stake. But that might actually work in their favor: When you're both as rich as Midas, there's less to fight about.

Add to that the fact that they have an ironclad prenup (a result of the fact that both of them were already very successful when they met) and, the insider says, it would be a relatively easy divorce: "Before they got married, Tom and Gisele already agreed how everything would be divided, so it would be straightforward. They'd have every reason to stay civil about their finances."

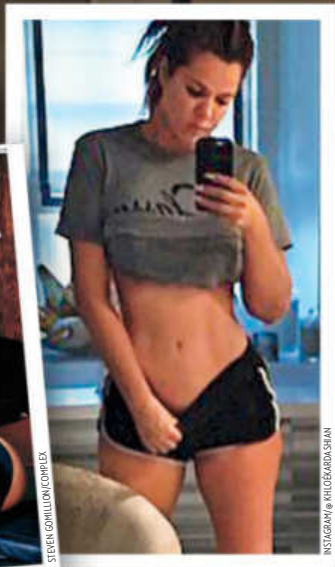

They'd come to a quick agreement about custody of their two children too. "They're both great parents," the source notes. "They'd want to keep things nice and easy for their sake, if nothing else."

Gisele, who's worth \$340 million, is the main breadwinner...

...Not that Tom's \$120 million fortune is anything to sneeze at!

In February, Khloé posted a pic of her newfound stomach muscles. By August, she was showing off her assets to promote her new book, *Strong Looks Better Naked*.

KHLOÉ'S BEST BODY EVER

WITH A NEW BOOK, A NEW SHOW AND AN OFFICIALLY SINGLE STATUS, **KHLOÉ KARDASHIAN** IS ROCKING THE BEST SHAPE OF HER LIFE!

Revenge truly is sweet for **Khloé Kardashian**. The reality star, 31, has called her taut new wowza physique her “revenge” body — a kiss-off to haters, failed relationships and years of middling self-esteem. When her marriage to **Lamar Odom** first hit a rough patch in 2012, Khloé said she “needed a release.” And she found it in the gym, through intense sunrise sessions with celeb trainer **Gunnar Peterson**.

But what began as a stress reliever has become a full-blown lifestyle. After signing divorce papers in July and achieving a healthy sense of closure and wisdom — “I’m grateful... I had that magic for a long time,” she said recently — she has yet another reason to look and feel her best: Her front-and-center role on *Kocktails with Khloé*, an upcoming cooking-and-culture lifestyle show. Khloé’s officially ready for her (solo) close-up! **OK!**

— Lindsey DiMattina

DIET OF CHAMPIONS

Though Khloé does her best to cut out sweets — and has learned a ton about nutrition since ramping up her fitness — she still enjoys her food. “If I want a pizza, I’m gonna have it,” she recently said, adding, “because I have no self-control... I have to work harder.” But according to **Joe Buffa**, a

trainer in NYC at KORE — a high-intensity training gym like the one Khloé frequents — eating plenty of (healthy) calories can be key. “When you overtrain and under-eat, you tend to gain more weight,” Joe says, adding that Khloé’s metabolism spikes for a full hour postworkout.

▼ GET-UP-AND-GO

Khloé’s high-intensity regimen, Joe says, calls for an athlete-caliber breakfast: an egg-white omelet stuffed with spinach, feta and tomato and cooked in coconut oil.

▶ WINNER WINNER, CHICKEN DINNER

Lean grilled chicken should be paired with a hearty mixed green salad “to help with digestion,” Joe says.

◀ WHAT’S FOR LUNCH?

Khloé would benefit from a lunch of quinoa — “one of the strongest [muscle-] building grains,” Joe says — and salmon, which is “easy to digest and keeps the body tight.”

Khloé dealt with her divorce woes at the gym. “I started feeling so much better,” she’s said.

ALL IN A DAY’S WORK

Those crack-of-dawn Instagram posts of Khloé at the gym? They’re the real deal, says Gunnar (right). “She’s a worker,” he tells **OK!**. “She’s not one of the ones in here gawking at everything or questioning things. She’s all about getting it done.” He’s constantly changing up Khloé’s interval training. “I can’t hit the body

with the same thing every time, so [her routine] is constantly in flux,” he says. For cardio, Khloé uses the jump rope, Stairmaster and high-incline treadmill. Her strength training focuses on combining the anaerobic — weights — with heart-pumping aerobics: squats, kettlebell swings and side lunges with weights. Sound like a lot? That’s the point. Says Gunnar, “It’s not about finding ways to let her rest.”

OK! ROMANCE

This time, there really was a wedding! For years during her lengthy engagement to **Justin Theroux**, **Jennifer Aniston** has said, friends would arrive at their parties

anticipating surprise nuptials — and dressed accordingly. “They would show up in beautiful wedding wear,” she dished. “We’re like, ‘Guys! It’s the Fourth of July. We’re in cutoffs, we are eating hot dogs. We will actually let you know.’”

Presumably, then, Jen, 46, told at least a few of the 70-some guests who joined the happy couple at their Bel Air home on Aug. 5 that they were there

HONEYMOON IN PARADISE

The day after their intimate wedding, the couple — along with some pals, including Chelsea Handler — boarded a private jet to Bora-Bora, where they vacationed last August at the Four Seasons resort. “Jen and Justin made some special memories in Bora-Bora last year; it’s one of their favorite spots,” says an insider. “They decided that it would be perfect for their honeymoon.”

for more than a birthday celebration for Justin (who turned 44 on Aug. 10). Otherwise, the stars succeeded brilliantly in disguising their long-awaited event, a paparazzi photo of a pastor carrying a Bible the only tip-off that whatever they were hosting was not your average mid-week birthday bash.

CELEBRATING THEIR LOVE

“Jen was determined to have everything absolutely perfect,” says a source. “She had been planning this day for a very long time.” Security measures included building a temporary shed to hide wedding paraphernalia from prying eyes, confiscating staffers’ phones while they were on the property and banning cars from parking near the estate. In the expansive backyard, a wooden deck was set up, a stage at one end and a bar at the other, and eight beautifully

decorated tables on the lawn

accommodated family and celebrity friends like **Chelsea Handler, Howard and Beth Ostrosky Stern, John Krasinski and Emily Blunt, Lisa Kudrow, Ellen DeGeneres and Sia.** (Notably absent: Jen’s mom, **Nancy Dow; Matthew Perry;** and Jen’s *We’re the Millers* costar, **Jason Sudeikis.**)

“It was the most fun wedding, typical Jen and Justin,” says the source (the cake, for example, featured two Muppet-like figures on top). “Lots of dancing and drinking and no stuffy formality. The flowers were beautiful, and Jen’s lacy Vera Wang dress was stunning. Justin couldn’t keep his eyes — or his hands — off her! He also wrote really sweet vows. And when he said he was glad he waited for the woman who could be his true best friend, it brought her to tears.”

So now the couple can stop fielding “When’s the wedding?” inquiries and move on to Jen’s next favorite question: “When’s the baby?”

While she's gone to lengths to prevent cancer, sources close to Angelina say she doesn't live her day-to-day life in a healthy way.

WHAT'S WRONG WITH ANGIE?

SHOCKING NEW PHOTOS SPARK FEARS FOR THE A-LIST ACTRESS

Angelina Jolie always turns heads, but a during a recent outing, the stunning actress garnered the wrong kind of attention. While on a shopping trip to Toys "R" Us with **Shiloh** and **Pax** in Glendale, Calif., Angelina's already slim body looked extremely frail. "Angelina was thinner than she's ever been," says an eyewitness. "She was skin and bones. I immediately thought that she must be in the midst of a health crisis."

It was just five months ago that Angelina, 40 — who shares six children with husband **Brad Pitt**, 51 — underwent surgery to remove her ovaries and fallopian tubes when blood tests showed troubling indicators of cancer (further tests revealed only a benign tumor). In 2013, the actress underwent a double mastectomy as a preventative measure after learning she carried a mutation of the cancer-causing BRCA1 gene. "Angie's

been proactive about her health with these operations," says the insider. "But her condition now has everyone worried there's a new problem she's keeping secret."

Is it likely that Angie could get breast or ovarian cancer despite her surgeries? Dr. Linnea Chap, a women's oncology specialist with Beverly Hills Cancer Center and clinical associate professor at UCLA, says the odds are "extremely low, less than 5 percent." More likely, adds Dr. Chap, her fatigue and thinness are a result of those invasive procedures — and her lifestyle. Sources close to Angie say she's not always careful about her health in small ways. "She's so busy, still smokes and doesn't eat well," says the source. "Brad is always on her to focus on taking care of herself."

FORMER BEAUTY QUEEN **GAL GADOT** IS TAKING OVER THE BIG SCREEN AS CORSETED-CRUSADER WONDER WOMAN

WARRIOR PRINCESS

When she debuts as the Amazonian superhero Wonder Woman in next year's *Batman v Superman*:

Dawn of Justice, **Gal Gadot** will be drawing on some unusual expertise: two years of service in the Israeli army. "My military training gave me a strong sense of discipline and a good foundation in martial arts," says the actress, a former Miss Israel who also showcased her skills in four *Fast & Furious* movies. Gal, 30, will star in her own Wonder Woman adventure in 2017, as well as two Justice League projects. She talks about strength, power and seizing the moment.

How excited are you to be Wonder Woman?

It's a dream to be playing such a strong and dynamic woman. I never

wanted to play the sexy girlfriend character or damsels in distress.

What kind of physical training did you do for the role?

There are lots of fights; I had to learn to do swordplay. One thing I want to get better at is the lasso. The army never trained me for that!

Was it difficult to deal with some of the initial criticism of your casting?

People were complaining that my boobs weren't big enough and that I was too skinny. But they forget that the Amazons had only one breast so that it would make archery easier! And I'm thin, but I'm strong and fit. I'm very inspired by Wonder Woman, and I want her to represent a powerful, confident woman.

Have you always been very active?

My mother was a gymnastics instructor, so I was encouraged to do a lot of sports. I danced for 12 years — and I'm pretty tall, so I enjoyed playing basketball as a teenager. I couldn't shoot very well, but I was aggressive on defense! I also played volleyball... I broke almost every finger on both hands, but I love it.

You and your husband have a 3-year-old daughter, Alma. How has being a mother changed you?

It's made me so much stronger. I was considering whether it was a good time to have a child, and I came to the conclusion that there is never an ideal moment. So I had my baby, and she's brought me a lot of energy and also a lot of good luck!

FANBOYS, START DROOLING

"Acting was something I knew instinctively I could be good at," says Gal (here, as Wonder Woman).

TUNE IN!

The second season of *Chopped Teen Tournament* airs Tuesdays at 10 PM ET/PT on Food Network, starting Aug. 25.

I love serving this to people who don't know it's coming," says **Ted Allen**, host of Food Network's *Chopped*. "They expect bruschetta to be topped with tomatoes but scratch their heads.... 'What's that other flavor?'" A food writer and cookbook author, Ted explains why strawberries are a terrific complement to the most common main ingredient in this Italian starter. "Strawberries and tomatoes are both sweet, tangy and juicy," he says. "It's the perfect summer appetizer." His final tip is on that tricky pronunciation: "It's brew-SKET-tuh." Grazie, Ted!

Directions

1. Heat indoor or outdoor grill to medium-high (or preheat oven to 375 °F). Place sliced bread on sheet pan and brush with 2 tbsp. olive oil. Grill bread until golden all over, about 2 or 3 minutes per side, or toast on rack in oven until golden brown, about 10 minutes.

2. In medium bowl, combine strawberries,

tomatoes, garlic, basil, the remaining 2 tbsp. olive oil, balsamic vinegar and salt and pepper. Let stand for 30 minutes, stirring occasionally.

3. Place grilled bread back on sheet pan and cover with generous layer of strawberry and tomato salad. Transfer to platter and serve immediately.

TEEN QUEEN PEYTON LIST, ON HOW
TO SURVIVE HIGH SCHOOL IN STYLE

Peyton List knows a thing or two about being cool. She's the new face of Bongo and the lead actress in the PG-13 comedy *The Outskirts* — which is due to hit theaters in November — and has nearly 4 million Instagram followers. We picked her brain for tips on looking and feeling great this fall.

making a lot of first impressions. I would go for something sophisticated yet comfy from the Bongo fall collection.

How important is it to follow the latest trends?

Don't wear something just to fit in. I admire someone who isn't afraid to be a little different.

What should be on everyone's shopping list this season?

A chic boot in brown or black that goes with everything.

What would you suggest wearing on the first day of school?

Wear the outfit you feel most confident in, since you're going to be

Which celebrity's closet would you like to raid?

Olivia Palermo's. I really love her style. She must have a ton of clothes, because she never repeats anything.

What's your best advice for getting through high school?

Realize that high school is not going to last forever. Just make the most of it.

In a self-styled look, Peyton models a chambray shirt, \$42, and paint-splatter jeans, \$48, from Bongo, available at Sears. For more back-to-school fashion, turn to page 56.

THE DESIGN TEAM DISHES ABOUT INDIAN INFLUENCE

Husband-and-wife design duo **Hemant and Nandita Lalwani** have mastered the art of merging an Indian aesthetic with modern silhouettes to create pieces that are unique but wearable. They talked with OK! about their signature look and its worldwide appeal.

What is a benefit to being based in India?

Our country is deeply rooted in tradition, has fine craftsmanship and boasts a proud history of costumes, techniques and prints.

How do you design for the masses?

The global market is fascinated by Indian elements such as embroidery, prints, embellishments and trims. There's a lot of Indian influence in fashion.

What celeb's style do you love?

We swoon over **Florence Welch's** closet. She pulls off the crisp, tailored look with as much panache as she does her signature breezy boho look. Her individuality stands out.

What do you think will be trending this fall?

Blanket dressing. Ponchos and capes will steal the spotlight.

HOW TO PULL OFF PINK SHADOW

For lips and cheeks, pink is a classic choice. Wearing the color on your lids, like **Ashley Benson**, is trendier — but trickier. To try it, Physicians Formula celebrity makeup artist Joanna Schlip advises using shimmery shades so that "eyes don't just look irritated."

Black liner and mascara also help to offset the pink. Says Joanna: "Line top and bottom lash lines, then layer on mascara."

Your First Day

With Tips From Bella

BELLA THORNE SHARES HOW SHE MAINTAINS A CONFIDENT GLOW FOR LIFE'S BIGGEST MOMENTS

When you're starting on your own TV show by the age of 13, as **Bella Thorne** did, you learn how to handle pressure. Her best advice for the first day of school? "Just be you," says the 17-year-old starlet. "Show your personality. You don't want to show up as anyone but yourself." For Bella, a self-described tomboy and rocker, that means comfy and casual when it comes to clothes. Her perfect first-day outfit is "a pretty tank and

cardigan paired with ripped jeans and Converse." As for makeup, it's all about the no-makeup look. "I believe less is more," says the Neutrogena spokesmodel, adding that a good skin-care routine is the first step, "otherwise your skin freaks out." She swears by Neutrogena's Oil-Free Pink Grapefruit Acne Wash and the brand's lightweight, natural-looking makeup. And remember, it's OK to be nervous, but you should also be excited, Bella says: "Meeting new people is really fun!"

STOCK UP ON SKIN CARE
Bella gets her fave beauty products (below) at Target. To celebrate back to school, the megastore is offering a limited-time promotion: Buy three Neutrogena facial skin-care items (like the Oil-Free Acne Wash), and you'll get one free.

THE MAN FROM U.N.C.L.E.

Henry Cavill, Armie Hammer, Alicia Vikander | PG-13 | Aug. 14

Based on the 1960s television show, this spy thriller has been adapted for the big screen by writer-director **Guy Ritchie**. Set during the Cold War, the film follows CIA spy Napoleon Solo (*Man of Steel*'s **Henry Cavill**) as he teams up with a former enemy, agent

Ilya Kuryakin (**Armie Hammer**), to infiltrate a criminal organization producing nuclear weapons. Expect plenty of action and campy humor as the undercover pair work their only lead: the daughter of one of the group's scientists.

STRAIGHT OUTTA COMPTON

O'Shea Jackson Jr., Corey Hawkins, Jason Mitchell | R | Aug. 14

Before **Dr. Dre** was a headphone mogul and **Ice Cube** played lovable grumps in the movies, they were founding members of the game-changing hard-core rap group N.W.A. This biopic (named for their first studio album, certified platinum twice) follows their controversial, chart-topping six-year run, from 1986 to 1991, showing the personal and business struggles the men faced during their time in the spotlight. Now disbanded, the group has been nominated for induction to the Rock and Roll Hall of Fame twice.

TV PREVIEW

ANDREYA GIANSAANTI STAR OF GAINESVILLE

OK! Q&A

People may call it a reality series, but *Gainesville* star **Andreyia Giansanti**, 26, says that her show, which follows a group of seven friends from Florida, is “a little bit more of a documentary thing. It’s just something interesting, fun and new.” Read on to get the scoop.

What was the hardest part about having your personal life filmed?

The cameras take a little bit of getting used to, of course. But the biggest thing was that I got more input from friends that made me think, “What am I doing with my life?” It kind of set me in my place and made me look at the bigger picture.

How does your personality fit in with this group of people?

I see myself as kind of the mom of the group. I’m always trying to make sure everyone is OK and safe and has everything they need.

Do you or any of the other six friends butt heads this season?

I think we’ve all had some type of drama with

one another at some point. We’re a tight-knit group, so it’s just something that happens. I definitely have drama with **Kerryn**. We’re living the single life together, and she and [Andreyia’s ex-boyfriend] **Brian** get a little bit too friendly for my liking. It causes a little bit of a stir.

Can you give us any information about the first episode?

There’s some drama between me and Brian about him being too flirtatious at times. He’s got a really outgoing personality, and sometimes he lets it get the best of him.

Why should people tune in to the show?

It’s a little bit more on the real side of reality shows. We’ve known one another for a long time — it’s a real-life situation and a bit more in-depth about who each of us is as an individual. I feel like people are going to be able to relate to us more on a personal level.

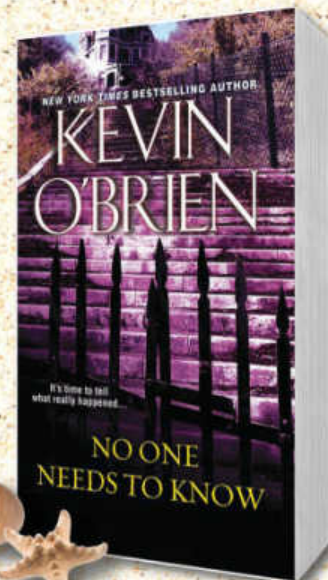

Catch the premiere of *Gainesville* on Thursday, Aug. 20, at 10 PM ET on CMT.

Who's the Diva?

With Mariah's hands full, an assistant had to tear Roc away from his mom.

MARIAH CAREY'S SON STOLE THE SPOTLIGHT DURING HER WALK OF FAME CEREMONY

The apple doesn't fall far from the tree! **Mariah Carey** was supposed to be the woman of the hour when she received her star on the Hollywood Walk of Fame, but it was 4-year-old son **Moroccan** who wanted to be front and center. Mimi kept her cool while the tot climbed on her — despite the fact that he'd had a pull-up malfunction. Luckily, for Mariah, gowns are a dime a dozen.

THE TERRIBLE FOURS?

While twin sister Monroe was on her best behavior, Roc couldn't help but make a scene.

Lenny Kravitz took the phrase “rocking out” to a whole new level. While performing in Sweden on Aug. 3, the star’s tight leather pants — one of his wardrobe staples — split in the crotch area, leaving him totally exposed! Lenny didn’t seem fazed though, as he posted a screenshot on Twitter of a text pal **Steven Tyler** sent him soon after. “Dude... no underwear and pierced... you never showed me that.” Guess these two really like to hang out!

The star finished his set after a quick change backstage.

Life's a journey! With their family in turmoil a month ago, **Jill Dillard** (née **Duggar**) and husband **Derick** packed up their bags — and their 4-month-old son, **Israel** — to travel to Central America for an extended missionary trip. Visiting villages and town squares, Jill blogged that she and Derick have so far "organized a soccer tournament, met with

government officials, worked on construction projects and made home visits." But the parents, who wed in June 2014, aren't the only ones fitting right in — baby Israel seems to be right at home! "He is already becoming a local, as he loves to nap anywhere there is a hammock," Jill shared, adding that the pair will attend language school this month. Is it too soon for Israel's first word?
